Experience Credit

Experience Must Be Directly Related To License Obtained

Employment Background for Evaluation of Experience Credit: (Be sure to begin with your **present employment/job duties and start date**. List your water system operation, maintenance and/or management experience and job duties for each specific job duty/position held. Attach additional information, if warranted. This list of experience and the above listed education will be evaluated to determine your compliance with the experience requirement. Incomplete or vague descriptions may delay the issuance of your license.)

Validation of Experience

Experience Validation by Owner or System Representative::

(If this section is not completed any experience described above can not be considered for experience credit.)

The above named license applicant has provided an accurate and complete description of their experience to the best of my knowledge as the **Owner, Manager, or Operator in Responsible Charge** of the water system named on page 1 of this application. If there is experience described above for another water system or other related experience, I have no knowledge why this experience should not be evaluated for credit.

Renewal Training – 24 Hours

Renew License – Complete Renewal Process

Training

Water Operator Licenses must be renewed every other year regardless when a license was received.

Example: **July 1, 2021 – June 30, 2023**
July 1, 2023 – June 30, 2025

The required 24 hours of Water License Renewal Training has been divided into 2 training types.

Direct and Indirect

12 Hours Must Be Direct

Remaining Either Type

Training

Direct Training

Subjects directly applicable to the field of water supply, treatment, distribution, pumping, metering, or management; or the study of approved materials on the same subject.

Indirect Training

Subject matter such as personal operator safety, wastewater, plumbing inspection or cross-connection control (tester or repair) certification courses.

Examples of Direct and Indirect Course Types

Direct

- ARWA and AWW&WEA Annual Conferences
- AWW&WEA District Meetings
- All mandatory training for licensing exams
- Chlorine Emergency Response
- Consumer Confidence Report

Indirect

- Wastewater courses
- Personal safety seminars (including SCBA, HazMat, Confined Space, etc.)
- Backflow Assembly Repair and Tester
- Public Relations/Customer Service
- Plumbing Inspection
- Cross Connection Control

Be sure to ask the trainer the status of the course as early as possible.

The trainers are required to have their courses approved prior to the day of the training and are informed whether it is Direct or Indirect training during the approval process.
