

# NOTICE OF AMENDING THE ARKANSAS STATE BOARD OF NURSING *RULES*

On Monday, August 12, 2024, at 1:30 p.m., the Arkansas State Board of Nursing (ASBN) will hold a public hearing in the ASBN Boardroom located at 1123 S. University Ave., Suite 312, in Little Rock, AR, regarding the proposed revisions to the following:

*ASBN Rules:*

*Chapter 4 - Advanced Practice Registered Nurse*

*Chapter 5 - Delegation*

Copies of the proposed *Rules* are available at the ASBN office or you may view them at [www.arsbn.org](http://www.arsbn.org). Written comments should be submitted to the Director, Arkansas State Board of Nursing, 1123 South University Ave.; Suite 800, Little Rock, AR 72204; no later than Monday, August 19, 2024.

**PROPOSED COPY**

**CHAPTER FOUR  
ADVANCED PRACTICE REGISTERED NURSE**

**SECTION I  
SCOPE OF PRACTICE**

The advanced practice registered nurse shall practice in a manner consistent with the definition of the practice of advanced practice registered nursing set forth in Arkansas Code Annotated §17-87-102 (4)(5)(6)(7)(8), and in accordance with the scope of practice defined by the appropriate national certifying body and the standards set forth in these rules. The advanced practice registered nurse (APRN) may provide health care for which the APRN is educationally prepared and for which competence has been attained and maintained.

**SECTION II  
QUALIFICATIONS FOR LICENSURE**

Advanced practice registered nurse (APRN) licensure shall be designated in one of the four roles below and at least one population focus: Family/Individual Across the Lifespan, Adult-Gerontology, Neonatal, Pediatrics, Women’s Health/Gender-Related, or Psychiatric/Mental Health (effective 2015). A current, unencumbered registered nurse license to practice in Arkansas is required for all categories of advanced practice licensure. Effective January 1, 2003, all applicants for advanced practice licensure by examination shall have completed a graduate or post-graduate level advanced practice registered nursing education program. Applicants for advanced practice licensure by endorsement shall have met the educational and certification requirements set forth in *Arkansas State Board of Nursing Rules* at the time of their initial licensure as an advanced practice registered nurse in another jurisdiction. APRN roles and their respective qualifications are:

**A. CERTIFIED NURSE PRACTITIONER (CNP)**

1. Successful completion of a nationally accredited graduate or post-graduate APRN education program that prepares nurses for the advanced practice role of nurse practitioner; and
2. Hold current certification by a national certifying body recognized by the Board of Nursing in the APRN role and population foci appropriate for educational preparation.

**B. CERTIFIED REGISTERED NURSE ANESTHETIST (CRNA)**

1. Successful completion of a nationally accredited graduate or post-graduate APRN education program that prepares nurses to perform as nurse anesthetists; and
2. Hold current certification by a national certifying body recognized by the Board of Nursing in the APRN role and population foci appropriate for educational preparation.

**C. CERTIFIED NURSE MIDWIFE (CNM)**

1. Successful completion of a nationally accredited graduate or post-graduate APRN education program that prepares nurses for the advanced practice role of nurse midwife; and
2. Hold current certification by a national certifying body recognized by the Board of Nursing in the APRN role and population foci appropriate for educational preparation.

**D. CLINICAL NURSE SPECIALIST (CNS)**

1. Successful completion of a nationally accredited graduate or post-graduate APRN education program that prepares nurses for the advanced practice role of clinical nurse specialist which shall include supervised clinical practice and classroom instruction in a nursing clinical practice specialty; and
2. Hold current certification by a national certifying body recognized by the Board of Nursing in the APRN role and population foci appropriate for educational preparation.

# PROPOSED COPY

## SECTION III LICENSURE

### **A. ELIGIBILITY**

The applicant shall meet the licensure requirements of the Board including a valid United States Social Security Number (SSN) or has been issued a Federal Form I-766 U.S. Citizenship and Immigration Services-issued Employment Authorization Document.

### **B. APPLICATION FOR LICENSURE BY EXAMINATION**

In addition to a current registered nurse license to practice in Arkansas, the information submitted to the Board shall include:

1. A completed Board application form;
2. Verification of active practice of nursing as a registered nurse for a minimum of two-thousand (2,000) hours, effective July 1, 2019;
3. An official transcript or document from a nursing education program accredited by a nursing accrediting body that is recognized by the U.S. Secretary of Education and/or Council for Higher Education Accreditation (CHEA), as acceptable by the Board and meets the qualifications of Section II of this Chapter in the category of advanced practice nursing for which the applicant is seeking licensure. The transcript or document shall verify the date of graduation, the degree or certificate conferred, clinical hours completed, and the role and population focus of the education program;
4. Evidence of state and federal criminal background checks conducted by the Arkansas State Police and the Federal Bureau of Investigation completed no earlier than twelve (12) months prior to the application for advanced practice licensure;
5. Verification of certification directly from the Board-approved national certifying body evidencing current certification in good standing; and
6. Payment of the nonrefundable fee.

### **C. APPLICATION FOR LICENSURE BY ENDORSEMENT**

1. The Board may issue a license by endorsement to an APRN licensed under the laws of another state if, in the opinion of the Board, the applicant meets the qualifications for licensure in this state.
2. In addition to the requirements set forth in Section II and III. A. and B. of this Chapter, the information submitted to the Board shall include documentation of current unencumbered advanced practice licensure/authority to practice in another jurisdiction.
3. An individual applying for licensure by endorsement who has been out of practice for more than two (2) years shall provide evidence of passing an APRN nursing refresher course approved by the Board or an extensive orientation, which shall include a minimum of 200 hours, in the appropriate advanced practice role and population focus which includes a supervised clinical component by a qualified preceptor who meets the following requirements:
  - a. Holds an active unencumbered APRN or physician license,
  - b. Is in current practice in the advanced role and population focus and
  - c. Functions as a supervisor and teacher and evaluates the individual's performance in the clinical setting.

### **D. APPLICATION FOR AN INTERNATIONALLY EDUCATED APRN (educated outside the United States)**

An internationally educated applicant for licensure in this state as an APRN shall:

1. Graduate from a graduate level APRN program equivalent to an APRN educational program in the United States accepted by the Board.
2. Submit an official transcript directly from the international nursing education program and verified through a qualified credentials evaluation process for the license being sought.
3. Meet all other licensure criteria required of applicants educated in the United States, including English proficiency.

### **E. TEMPORARY PERMITS**

1. Upon application and payment of the required fee, the Board shall issue a nonrenewable temporary permit to practice in an advanced practice nursing category to a qualified applicant who has no violations as listed in ACA §17-3-102 on the Arkansas State Police criminal background check and:

PROPOSED COPY

- a. Meets the educational requirements set forth in Section II of this Chapter and has been accepted by the appropriate certification body to sit for the national certification exam he or she is eligible to take; or
- b. Has a current advanced practice registered nurse license or the equivalent from another jurisdiction and has current Board-approved certification in the appropriate advanced practice nursing education category.
2. The temporary permit shall immediately become invalid upon receipt of information obtained from the federal criminal background check indicating any offense listed in ACA §17-3-102 or upon notification to the applicant or ASBN of failure of the certification examination.
3. The temporary permit is not renewable and does not apply to prescriptive authority.
4. In no event shall the permit be valid in excess of six (6) months.

**F. RENEWALS**

1. The date for renewal of licensure to practice as an advanced practice registered nurse shall coincide with renewal of the applicant's registered nurse license.
2. An applicant for renewal of an advanced practice registered nurse license shall submit to the Board:
  - a. A completed Board renewal application form;
  - b. Documentation of current national certification in the appropriate APRN specialty through a maintenance program of a Board approved certifying body;
  - c. Documentation of current compact state RN licensure if primary state of residence has enacted the Interstate Nurse Licensure Compact; and
  - d. Payment of the nonrefundable renewal fee.
3. Advanced practice registered nurses with prescriptive authority, who do not have full practice authority, shall submit evidence of a current collaborative practice agreement as a prerequisite to license renewal.
4. A Certified Nurse Practitioner **or Clinical Nurse Specialist** who has been granted full independent practice authority shall apply for renewal of the full independent practice authority certificate every three (3) years.
5. If disciplinary proceedings have been initiated against an individual with a lapsed, inactive, or retired license, the license shall not be renewed until the proceedings have been completed.
6. Continuing education submitted to the certifying body to meet the qualifications for recertification shall be accepted as meeting the statutory requirement for continuing education.
7. Upon request, an APRN shall submit documentation to the Board of continuing education.
8. APRNs with prescriptive authority shall complete five (5) contact hours of pharmacotherapeutics continuing education in the APRN's area of certification each biennium prior to license renewal. **Effective January 1, 2017**, two (2) of the five (5) hours must contain information related to maintaining professional boundaries and the prescribing rules and laws that apply to APRNs in the State of Arkansas.
9. Pursuant to Act 204 of 2017, upon notification of active-duty status and submission of appropriate documentation, the license renewal fee will be waived for members of the military.

HISTORY: Amended January 1, 2018  
 Amended: July 1, 2020; June 4, 2021

**G. LAPSED APRN LICENSE**

The license is lapsed if not renewed or placed on inactive status by the expiration date.

1. The license is lapsed if the RN license or privilege to practice in Arkansas is not current.
2. The license is lapsed when the national certification upon which licensure was granted expires.
3. Failure to receive the renewal notice at the last address of record in the Board office shall not relieve the licensee of the responsibility for renewing the license by the expiration date.
4. Any licensee whose license has lapsed shall submit to the Board:
  - a. A completed Board renewal application form;
  - b. Documentation of current national certification; and
  - c. The renewal fee and the reinstatement fee/late penalty.
5. Fees submitted to the Board are nonrefundable.
6. Any person engaged in advanced practice nursing during the time his or her license has lapsed shall be considered an illegal practitioner and shall be subject to the penalties provided for violation of the *Nurse Practice Act*.

# PROPOSED COPY

## H. REINSTATEMENT OF APRN LICENSE

1. An individual who applies for licensure reinstatement who has been out of practice for more than two (2) years shall provide evidence of passing an APRN refresher course approved by the Board or an extensive orientation, which shall include a minimum of 200 hours, in the appropriate advanced practice role and population focus which includes a supervised clinical component by a qualified preceptor who meets the following requirements:
  - a. Holds an active unencumbered APRN or physician license
  - b. Is in current practice in the advanced role and population focus; and
  - c. Functions as a supervisor and teacher and evaluates the individual's performance in the clinical setting.
2. For those licensees applying for licensure reinstatement following disciplinary action, compliance with all Board licensure requirements as well as any specified requirements set forth in the Board's discipline order is required.

## I. INACTIVE STATUS

1. Any licensee who desires to temporarily inactivate their advanced practice registered nurse license in this state shall submit a request to the Board.
2. The APRN license may immediately be placed on inactive status when the registered nurse license is placed on inactive status.
3. While the license is inactive, the licensee shall not engage in advanced practice nursing nor be subject to the payment of renewal fees.
4. If the APRN desires to resume practice in this state, he or she shall submit a reinstatement application and meet the continuing education requirements.

## J. RETIRED ADVANCED PRACTICE REGISTERED NURSE

1. Any advanced practice registered nurse in good standing, who desires to retire for any length of time from the practice of nursing in this state shall submit a request and their APRN license shall be placed on retired status.
2. While retired, the APRN shall not practice advanced practice nursing; however, an APRN with a retired license may use the title "Advanced Practice Registered Nurse" or the abbreviation "APRN." Retired APRNs that maintain an active RN or RNP license may practice in the role of a Registered Nurse or Registered Nurse Practitioner.
3. When the licensee desires to resume practice, he or she shall submit a reinstatement application, with a reinstatement fee and the active renewal fee. The licensee must also meet those requirements outlined in Section III, F.
4. When disciplinary proceedings have been initiated against a retired licensee, the license shall not be reinstated until the proceedings have been completed.

## K. ADDITIONAL CERTIFICATIONS

1. An APRN who has completed post-masters education for an additional nursing specialty shall:
  - a. Submit a request for permission to practice in the new certification area;
  - b. Submit evidence of eligibility to sit for the new certification exam from the Board-approved certifying body;
  - c. Immediately cease practicing in the specialty upon notification of failure of the exam;
  - d. Submit results of the certification in the additional specialty directly from the certifying body;
  - e. Submit an official transcript or document from a nursing education program that meets the qualifications in Section II of this Chapter verifying the date and degree or certificate conferred.
2. An APRN who has prescriptive authority shall:
  - a. Prescribe only for patients covered by the original specialty while waiting additional specialty results.
  - b. Submit a collaborative practice agreement which includes the additional certification.

HISTORY: Amended: October 1, 2017  
Amended: December 29, 2018

# PROPOSED COPY

## SECTION IV CRIMINAL BACKGROUND CHECK

- A. No application for issuance of an initial license will be considered without state and federal criminal background checks by the Arkansas State Police and the Federal Bureau of Investigation.
- B. Federal background checks originating within the State of Arkansas shall be submitted electronically.
- C. Each applicant shall sign a release of information on the criminal background check application and licensure applications and shall be solely responsible for the payment of any fees associated with the state and federal criminal background checks.
- D. Upon completion of the state and federal criminal background checks, the Identification Bureau of the Arkansas State Police shall forward all information obtained concerning the applicant in the commission of any offense listed in ACA §17-3-102.
- E. The state and federal criminal background checks conducted by the Arkansas State Police and the Federal Bureau of Investigation shall have been completed no earlier than twelve (12) months prior to the application for an initial license issued by the ASBN and at any other time thereafter that the Board deems necessary.
- F. The ASBN shall not issue a permanent license until the state and federal criminal background checks conducted by the Arkansas State Police and the Federal Bureau of Investigation have been completed.
- G. Pursuant to Act 990 of 2019, an individual may petition for a pre-licensure determination of whether the individual's criminal record will disqualify the individual from licensure and whether a waiver may be obtained.
  - 1. A request for a waiver shall be in writing and accompany the completed application and fees.
  - 2. All decisions of the Board in response to the petition will be determined by the information provided by the individual.
  - 3. The Board's response shall state the reason(s) for the decision.
  - 4. Any decision made by the Board in response to a pre-licensure criminal background waiver petition is not subject to appeal.
- H. A waiver of the denial of licensure pursuant to the provisions of ACA §17-3-102 is not required for individuals who held a valid license on July 24, 2019, an individual who held a valid license on or before July 24, 2019, but failed to renew his or her license for any reason; or, an individual who was a student on or before July 24, 2019, in a nursing school or program.
- I. A request to seek waiver of the denial of licensure pursuant to the provisions of ACA §17-87-312 may be made to the ASBN by:
  - 1. The affected applicant for licensure; or
  - 2. The person holding a license subject to revocation.
- J. The request for a waiver shall be made in writing to the Director or designee within thirty (30) calendar days after notification of denial of a license. The request for waiver shall include, but not be limited to the following:
  - 1. Certified copy of court records indicating grounds for conviction; and
  - 2. Any other pertinent documentation to indicate surrounding circumstances.
- K. If an individual notifies ASBN in writing that he or she desires a hearing regarding their request for a waiver, the ASBN will schedule the individual for a hearing pursuant to the Arkansas Administrative Procedures Act.
- L. In compliance with ACA §17-87-312, whenever a criminal background check is performed on a person under the provisions of the criminal background check requirement contained in the Arkansas Code for licensure, the person may be disqualified for licensure if it is determined that the person committed a violation of any sexual offense formerly proscribed under ACA §§5-14-101 through 5-14-127 that is substantially equivalent to any sexual offense

ARKANSAS STATE BOARD OF NURSING RULES

PROPOSED COPY

presently listed in ACA §§5-14-101 through 5-14-127 and is an offense screened for in a criminal background check.

HISTORY: Adopted: May 15, 2022

**SECTION V**  
**NAME OR ADDRESS CHANGE**

- A. A licensee, whose name is legally changed, shall submit a name change request, copy of marriage license, or court action, and the required fee.
- B. A licensee whose address changes from the address on file with the Board shall immediately notify the Board in writing of the change.

HISTORY: Amended: June 4, 2021

**SECTION VI**  
**STANDARDS OF NURSING PRACTICE**

**A. PURPOSE**

- 1. To establish standards essential for safe practice by the advanced practice registered nurse.
- 2. To serve as a guide for evaluation of advanced nursing practice.

**B. STANDARDS FOR ALL CATEGORIES OF ADVANCED PRACTICE REGISTERED NURSING**

- 1. The advanced practice registered nurse shall assess clients at an advanced level, identify health status including abnormal conditions, establish a diagnosis, develop and implement treatment plans and evaluate client outcomes.
- 2. The advanced practice registered nurse shall use advanced knowledge and skills in teaching and guiding clients and other health team members.
- 3. The advanced practice registered nurse shall use critical thinking and decision making at an advanced level, commensurate with the autonomy, authority, and responsibility of his/her practice category.
- 4. The advanced practice registered nurse shall have knowledge of the statutes and rules governing advanced nursing practice, and function within the legal boundaries of the appropriate advanced practice registered nursing category.
- 5. The advanced practice registered nurse is authorized to sign the following official documents:
  - a. Certification of disability for patients to receive disabled parking permits or placards from the Office of Motor Vehicle;
  - b. Sports physicals to authorize student athletes to participate in athletic activities;
  - c. Physicals for bus drivers;
  - d. Forms relating to do-not-resuscitate orders;
  - e. Forms excusing a potential jury member due to an illness;
  - f. Death certificate;
  - g. Workers' compensation forms;
  - h. Forms relating to absenteeism for employment or school purposes; and
  - i. Authorizations for durable medical equipment.
- 6. The advanced practice registered nurse shall recognize the APRN's limits of knowledge and experience, planning for situations beyond expertise, and collaborating with or referring clients to other health care providers as appropriate.
- 7. The advanced practice registered nurse shall retain professional accountability for advanced practice nursing care when delegating interventions.
- 8. The advanced practice registered nurse shall maintain current knowledge and skills in the advanced practice nursing category.
- 9. Rules which apply to registered nurses are hereby incorporated by reference.

# PROPOSED COPY

10. The APRN shall comply with the standards for registered nurses as specified in Chapter 1. Standards for a specific role and population focus of APRN supersede standards for registered nurses where conflict between the standards, if any, exists.
- C. In addition to the standards, the advanced practice registered nurse shall practice in accordance with the standards established by the national certifying body from which the APRN holds his or her certification required for licensure. These standards shall have been reviewed and accepted by the Board.
- D. ADDITIONAL STANDARDS FOR CRNAs**
1. The CRNA, acting in the normal course of his/her professional practice, may be authorized by a hospital or institution to act as their agent or employee to order the administration of controlled substances under the DEA registration of the hospital or institution.
  2. The CRNA may order nurses to administer drugs preoperatively and/or postoperatively in connection with an anesthetic and/or other operative or invasive procedure that will be or has been provided.
  3. The CRNA may select, obtain, and administer Schedule II drugs only during the perioperative, peri-obstetrical and medical procedure period.
  4. The CRNA's order shall be directly related to the administration of drugs preoperatively and/or postoperatively in connection with an anesthetic and/or other operative or invasive procedure that will be or has been provided.
  5. A CRNA who has not been granted authority by a DEA registrant as described in Title 21 CFR 1301.22, or its successor to order the administration of controlled substances shall give all orders as verbal orders from the supervising physician, dentist, podiatrist, or other person lawfully entitled to order anesthesia.
  6. The CRNA shall be responsible for complying with all applicable state and federal laws and rules related to medications.
  7. The consulting individual shall remain immediately available for consultation during the delivery of anesthesia for diagnosis, consultation, and treatment of medical conditions. The hospital's administrative staff, medical staff, and governing body shall determine the guidelines on immediately available for consultation.

HISTORY: Amended January 1, 2018  
Amended July 1, 2020; May 15, 2022

## **SECTION VII** **PROFESSIONAL CERTIFICATION PROGRAMS**

- A. A national certification program which meets the following criteria shall be recognized by the Board to satisfy Section II of these rules.
- B. The national certification program:
1. Is national in the scope of its credentialing;
  2. Is accredited by a national accreditation body as acceptable by the Board;
  3. Has no requirement for an applicant to be a member of any organization;
  4. Has an application process and credential review which includes documentation that the applicant's education is in the advanced practice nursing category being certified, and that the applicant's clinical practice is in the certification category;
  5. Education requirements are consistent with the requirements of the advanced practice role and population foci.
  6. Uses an examination as a basis for certification in the advanced practice nursing category which meets the following criteria:
    - a. The examination is based upon job analysis studies conducted using standard methodologies acceptable to the testing community;
    - b. The examination represents entry-level practice in the APRN role and population focus;
    - c. The examination represents the knowledge, skills, and abilities essential for the delivery of safe and effective advanced nursing care to clients;

# PROPOSED COPY

- d. The examination content and its distribution are specified in a test plan (blueprint), based on the job analysis study, that is available to examinees;
  - e. Examination items are reviewed for content validity and correct scoring using an established mechanism, both before use and periodically;
  - f. Examinations are evaluated for psychometric performance;
  - g. The passing standard is established using acceptable psychometric methods, and is re-evaluated at least every five (5) years;
  - h. Examination security is maintained through established procedures; and
  - i. A retake policy is in place.
7. Issues certification based upon passing the examination and meeting all other certification requirements;
  8. Provides for periodic recertification which includes review of continued education, qualifications, and continued competence;
  9. Has mechanisms in place for communication to the Board for timely verification of an individual's certification status, changes in certification status, and changes in the certification program, including qualifications, test plan, and scope of practice;
  10. Has an evaluation process to provide quality assurance in its certification program.
- C. The Board will notify the appropriate certifying body when an APRN has disciplinary action taken on their license or privilege to practice which restricts the APRN's ability to practice (eg. suspension or revocation).

Amended: July 1, 2020

HISTORY: Amended December 29, 2018

## SECTION VIII PRESCRIPTIVE AUTHORITY

### A. INITIAL APPLICANT

An applicant for an initial certificate of prescriptive authority shall:

1. Be currently licensed as an advanced practice registered nurse in Arkansas.
2. Provide evidence from the national certifying body that differential diagnosis and prescribing practices are recognized as being within the scope of practice for the applicant's certification category.
3. Provide documentation of successful completion of pharmacology coursework which shall include pharmacokinetics principles and their clinical application and the prescription of pharmacological agents in the prevention and treatment of illness, and the restoration and maintenance of health. The coursework shall contain a minimum of:
  - a. Three (3) graduate credit hour pharmacology course offered by an accredited college or university within two years immediately prior to the date of application to the Board; or
  - b. Forty-five (45) contact hours [a contact hour is fifty (50) to sixty (60) minutes] in a pharmacology course which includes a competency component, offered by an accredited college or university, within two (2) years immediately prior to the date of application to the Board; or
  - c. Three (3) graduate credit hours pharmacology course, included as part of an advanced practice nursing education program, within five (5) years immediately prior to the date of application to the Board.
4. Provide documentation of a minimum of three hundred (300) clock hours preceptorial experience in the prescription of drugs, medicines and therapeutic devices with a qualified preceptor, to be initiated with the pharmacology course and to be completed within one year of the beginning of the course. Preceptorial experience completed as a part of the formal educational program in which the pharmacology course is taught will meet the three hundred (300) clock hour requirement.
5. Submit a collaborative practice agreement, unless exempt by Section IX, with a practicing physician who is licensed under the Arkansas Medical Practices Act, §17-95-201 et seq., or a podiatrist licensed by the Arkansas Board of Podiatric Medicine under Arkansas Code Annotated §17-96-101, et. seq., if employed by the podiatrist, and who has training within the scope, specialty or expertise of the advanced practice registered nurse. APRNs who will prescribe controlled substances shall seek a collaborative practice with a physician or podiatrist who has an unrestricted DEA registration number. The collaborative practice agreement shall include, but not be limited to:

# PROPOSED COPY

- a. Availability of the collaborating physician(s) or podiatrist for consultation or referral or both;
  - b. Methods of management of the collaborative practice, which shall include the use of protocols for prescriptive authority;
  - c. Plans for coverage of the health care needs of a client in the emergency absence of the advanced practice registered nurse, podiatrist, or physician;
  - d. Provision for quality assurance;
  - e. Authorization for the APRN to prescribe hydrocodone combination products which were reclassified from Schedule III to Schedule II as of October 6, 2014 if expressly authorized by the collaborating physician; and
  - f. Authorization for the APRN to prescribe drugs listed in Schedule II subject to the provisions in Section VIII(D) if expressly authorized by the collaborating physician or podiatrist.
  - g. Signatures of the advanced practice registered nurse and collaborating physician(s) or podiatrist, signifying mutual agreement to the terms of the collaborative practice.
6. Submit the nonrefundable processing fee with the application for a certificate of prescriptive authority.
  7. ~~APRNs issued a certificate of prescriptive authority after December 31, 2015 shall obtain a minimum of three (3) hours of prescribing education which includes information on maintaining professional boundaries and the prescribing rules and laws that apply to APRNs in the state of Arkansas within two (2) years of issuance of the prescriptive authority certificate.~~

## B. ENDORSEMENT APPLICANT

1. An applicant for endorsement of prescriptive authority shall:
  - a. Provide documentation of a three (3) graduate credit hour pharmacology course offered by an accredited college or university or a forty-five (45) contact hour [a contact hour is fifty (50) to sixty (60) minutes] pharmacology course which includes a competency component offered by an accredited college or university;
  - b. Provide evidence that prescriptive authority is current and unencumbered in the jurisdiction from which the applicant is moving;
  - c. Provide evidence of prescribing in a clinical setting for at least 500 hours in the year prior to application for a certificate of prescriptive authority;
  - d. Have an unencumbered advanced practice registered nurse license to practice or the equivalent in the jurisdiction from which the applicant is moving;
  - e. Provide a copy of current DEA registration (if prescriber has DEA number) and history of registration status; and
  - f. Meet requirements in Section VIII.A.1, 2, 5, 6, 7.
2. Endorsement applicants who do not meet all requirements established herein shall be required to submit documentation acceptable to the Board according to Section VIII.A.

## C. PROTOCOLS FOR PRESCRIPTIVE AUTHORITY

1. Protocols are required for all APRNs practicing under a collaborative practice agreement.
2. Protocols shall be made available upon request of the Board. Such protocols shall, at a minimum, include:
  - a. Indications for and classifications of legend drugs, controlled substances (if prescriber holds a DEA registration number), and therapeutic devices which will be prescribed or administered by the APRN;
  - b. Date the protocol was adopted or last reviewed, which shall be at least annually.

## D. PRESCRIBING PRIVILEGES

1. The APRN, applying for a certificate of prescriptive authority, shall acknowledge in the application that he or she is familiar with all state and federal laws and rules regarding prescribing, and shall agree to comply with these laws and rules.
2. An advanced practice registered nurse with a certificate of prescriptive authority may receive and prescribe legend drugs, medicines or therapeutic devices appropriate to the APRN 's area of practice. The prescriptive authority for controlled drugs shall extend to drugs listed in Schedules II through V and hydrocodone combination products which were reclassified from Schedule III to Schedule II as of October 6, 2014.
3. Prescribing stipulations are as follows:
  - a. Legend drugs, therapeutic devices, and controlled substances (Schedules II-V), and hydrocodone combination products, which were reclassified from Schedule III to Schedule II as of October 6, 2014,

PROPOSED COPY

will be prescribed, administered, or ordered as established in protocols provided that the APRN has an assigned DEA registration number which is entered on each written prescription for a controlled substance.

- b. Except as provided below, the APRN shall provide a prescription for an opioid antagonist when prescribing or dispensing an opioid when:
  - (1) the patient doesn't have an existing prescription for an opioid antagonist; and
  - (2) the opioid dosage prescribed is equal to or in excess of fifty morphine milligram equivalents (50 MME) per day; or
  - (3) a benzodiazepine has been prescribed for the patient in the past or will be prescribed at the same time as the opioid; or
  - (4) the patient has a history of opioid use disorder or drug overdose.

**c. The APRN may directly or by standing order prescribe, dispense, and supply an opioid antagonist to any person authorized in ACA§ 20-13-1804.**

**d.e.** The APRN shall provide patient counseling that addresses the use of an opioid antagonist for overdose prevention.

**e. d.** Prescribing an opioid antagonist does not apply to a patient receiving hospice or other end-of-life care.

**f. e.** If a healthcare professional does not believe that it is in the best interest of a patient to coprescribe an opioid antagonist, the APRN shall document in the medical record the reasons for not coprescribing the opioid antagonist.

**g. f.** Except for hydrocodone combination products, the APRN shall not prescribe Schedule II opioids for more than a five (5) day period. If additional Schedule II opioids are needed for management of pain, the patient shall be referred to a physician.

**h. g.** The APRN is authorized to prescribe Schedule II drugs that are classified as stimulants once the following criteria are met:

- 1) The prescription was originally initiated by a physician;
- 2) The physician has evaluated the patient within six (6) months before the APRN issues a prescription;
- 3) The prescription by the APRN is to treat the same condition as the original prescription.

**i. h.** The APRN shall not prescribe Schedule II controlled substances for his/her own use or for the use of his/her immediate family.

**j. i.** The APRN shall file his/her DEA registration number with the Board upon receipt.

**k. j.** Advanced practice registered nurses shall not delegate to unlicensed ancillary staff the calling in of prescriptions to the pharmacy.

**l. k.** The APRN who does not have full practice authority shall notify the Board in writing within seven (7) days following termination of the collaborative practice agreement. A new collaborative practice agreement is required to be on file prior to reactivating prescriptive authority.

- 4. The APRN who does not have full practice authority may prescribe a legend drug, medicine or therapeutic devices not included in the written protocols only as follows:
  - a. Upon a specific written or verbal order obtained from a physician or podiatrist before the prescription or order is issued by the APRN; and
  - b. Include documentation of consultation as described above in the client's medical record to be signed by the APRN;
  - c. Schedule I controlled substances shall not be prescribed under the APRN's certificate of prescriptive authority.
- 5. The APRN shall note prescriptions on the client's medical record and include the following information:
  - a. Medication and strength;
  - b. Dose;
  - c. Amount prescribed;
  - d. Directions for use;
  - e. Number of refills; and
  - f. Initials or signature of APRN.
- 6. The APRN will keep accurate records to include the medical history, physical examination, other evaluations and consultations, treatment plan objective, informed consent noted in the patient record, treatment, medications given, agreements with the patient and periodic reviews.

PROPOSED COPY

7. The APRN will periodically review the course of scheduled drug treatment of the patient and any new information about etiology of the pain. If the patient has not improved, the APRN may assess the appropriateness of continued prescribing of scheduled medications or dangerous drugs, or trial of other modalities.
8. The APRN will obtain written informed consent from those patients he or she is concerned may abuse controlled substances and discuss the risks and benefits of the use of controlled substances with the patient, his or her guardian, or authorized representatives.
9. Advanced practice registered nurses in the category of certified registered nurse anesthetists shall not be required to have prescriptive authority to provide anesthesia care, including the administration of drugs or medicines necessary for such care.
10. Advanced practice registered nurses who prescribe prior to obtaining a certificate of prescriptive shall be considered illegal practitioners and shall be subject to the penalties provided for violation of the *Nurse Practice Act*.

**E. PRESCRIPTION FORMAT**

1. All prescriptions issued by the APRN shall contain the name of the client, and the APRN’s name, title, address, telephone number, signature with the initials “APRN” and shall include information contained in Subsection D.5.a-f of this Section.
2. All prescriptions for controlled substances shall be in accordance with federal rules. The APRN’s assigned DEA registration number shall be included on the prescription when a controlled substance is prescribed.

**F. RECEIVING PREPACKAGED DRUG SAMPLES**

1. APRNs who have an active prescriptive authority certificate may receive legend drug samples and therapeutic devices appropriate to their area of practice, including controlled substances contained in Schedules III through V and only hydrocodone combination products, which were reclassified from Schedule III to Schedule II as of October 6, 2014, which have been prepared, packaged, or fabricated by a pharmaceutical manufacturer in accordance with the Arkansas pharmacy laws and rules.
2. Records must comply with all applicable federal and state laws and rules.

**G. TERMINATION OF PRESCRIPTIVE AUTHORITY**

1. Prescriptive authority may be terminated by the Board when the prescriber:
  - a. Fails to maintain current active licensure as an advanced practice registered nurse;
  - b. Violates provisions of this *Act* and/or *Rules* established by the Arkansas Department of Health, Nursing or Pharmacy Boards;
  - c. Violates any state or federal law or rules applicable to prescriptions; or
  - d. Fails to follow any conditions imposed.
2. To reinstate prescriptive authority, the APRN must meet requirements of the Board at the time of reinstatement.

**H. LAPSED CERTIFICATE OF PRESCRIPTIVE AUTHORITY**

1. The certificate of prescriptive authority is lapsed if:
  - a. The licensee’s active advanced practice registered nurse license is not renewed by the expiration date;
  - b. The national certification upon which licensure is based expires;
  - c. The advanced practice license is placed on inactive or retired status or
  - d. There is not a current collaborative practice agreement, if required, on file with the board
2. Any person engaged in prescribing during the time his or her certificate of prescriptive authority has lapsed shall be considered an illegal practitioner and shall be subject to the penalties provided for violation of the *Nurse Practice Act*.

**I. INACTIVE STATUS**

1. A certificate of prescriptive authority will automatically be considered lapsed and subject to the requirements of these rules when a licensee places his or her advanced practice registered nurse license on inactive status.
2. While the certificate of prescriptive authority or advanced practice registered nurse license is inactive, the licensee shall not engage in any practice within the scope of the certificate of prescriptive authority.

**PROPOSED COPY**

3. If the nurse desires to resume practice in this state, he or she shall request a renewal application which shall be completed and submitted with a renewal fee and the reinstatement fee. Fees are nonrefundable.
4. All certification requirements for renewal shall apply.
5. If disciplinary proceedings on an inactive licensee have been initiated, the license shall not be reinstated until the proceedings have been completed.

**J. REACTIVATION OF PRESCRIPTIVE AUTHORITY**

APRNs whose prescriptive authority is inactive shall complete:

1. Five (5) contact hours of pharmacotherapeutics continuing education in the APRN’s area of certification for each 12 months of non-prescribing activity in addition to the five (5) contact hours required for APRN license renewal, as noted in Chapter 4, III(F)(7), prior to reactivation of prescriptive authority.
2. Two (2) contact hours shall include information on maintaining professional boundaries and the prescribing rules and laws that apply to the APRNs in the state of Arkansas

**K. PRESCRIPTION DRUG MONITORING PROGRAM**

1. APRNs may delegate access to the Prescription Drug Monitoring Program (PDMP) for running requested reports ~~to no more than two licensed nurses under his or her supervision or employment at each practice location.~~
2. APRNs with prescriptive authority shall review PDMP report from the Prescription Drug Monitoring Program prior to prescribing:
  - a. An opioid from Schedule II or Schedule III every time prescribing the medication to a patient; and
  - b. A benzodiazepine medication for the first time and every six (6) months thereafter prescribing for a patient; **and**
  - c. **A stimulant from schedule II for the first time and every six (6) months thereafter prescribing for a patient.**
3. Review of the PDMP report shall be documented in the patient’s medical record.
4. Mandatory checking of the PDMP does not apply when prescribing a controlled substance to a patient;
  - a. Immediately before or during surgery; or
  - b. During recovery from surgery while in a healthcare facility; or
  - c. In a healthcare facility; or
  - d. When necessary to treat a patient in an emergency situation at the scene of an emergency, in a licensed ground ambulance or air ambulance, or in the intensive care unit of a licensed hospital; or
  - e. In palliative care or hospice; or
  - f. In a licensed nursing home facility; or
  - g. In situations in which the PDMP is not accessible due to technological or electrical failure.

HISTORY: Amended January 1, 2018  
Amended July 1, 2020

**SECTION IX**  
**FULL PRACTICE AUTHORITY**

**A. Certified Nurse Midwife**

1. A collaborative practice agreement is not required unless the Certified Nurse Midwife prescribes Schedule II controlled substances.
2. If delivering infants outside an accredited facility the Certified Nurse Midwife shall have an agreement, with a licensed physician or facility, or both, which identifies an arrangement for referral and consultation in the event of a medical complication. The agreement shall be made available to the Board upon request.
3. A certificate of prescriptive authority shall be issued prior to prescribing any legend drug, medicine or therapeutic device.

**B. Certified Nurse Practitioner or Clinical Nurse Specialist**

1. Qualifications
  - a. Currently be licensed as a Certified Nurse Practitioner or Clinical Nurse Specialist in Arkansas,

ARKANSAS STATE BOARD OF NURSING RULES

PROPOSED COPY

- b. Have no encumbrance on any nursing license in any jurisdiction,
  - c. Completed a minimum of six thousand two hundred (6,240) hours of practice:
    - i. Under a ~~collaborative practice agreement~~, board-required agreement with a physician; or
    - ii. In another state, territory, or foreign country that authorizes a certified nurse practitioner or a clinical nurse specialist to practice with prescriptive authority if the certified nurse practitioner or clinical nurse specialist provides proof of licensure in good standing; and
  - d. Holds an active prescriptive authority certificate.
2. Scope of Practice
- a. Receive and prescribe drugs, medications or therapeutic devices appropriate for area(s) of approved population foci.
  - b. Prescribing legend drugs and controlled substances shall follow the provisions in ASBN *Rules*, Chapter 4, Section VIII(D).
3. An applicant for initial full independent practice authority shall submit:
- a. An application and applicable fees;
  - b. An affidavit of successful completion of six thousand two hundred (6,240) hours of practice
    - i. under a ~~collaborative practice~~ board-required agreement with a physician; or
    - ii. prescribing in a full practice authority state; and
  - c. Any other relevant information requested by the Board or Full Independent Practice Credentialing Committee.
4. Certificates of full independent practice authority shall be renewed every three (3) years. The applicant shall:
- a. Submit an application and applicable fees, and
  - b. Any other relevant information requested by the Board or Full Independent Practice Credentialing Committee
5. Lapsed full independent practice authority certificate
- a. The certificate of full independent practice authority is lapsed if:
    - 1) The licensee's certificate of prescriptive authority is lapsed; or
    - 2) The renewal application for full independent practice authority has not been approved.
  - b. The Certified Nurse Practitioner or Clinical Nurse Specialist may practice under a collaborative practice agreement until the full independent practice certificate is renewed.
6. Complaints against a Certified Nurse Practitioner or Clinical Nurse Specialist with full independent practice authority shall be referred to the Full Independent Practice Credentialing Committee for review and action on the certificate of full independent practice authority.
7. In the office of practice, the Certified Nurse Practitioner or Clinical Nurse Specialist shall conspicuously display the current certificate of full independent practice authority with notation the practitioner is not required to have a collaborative practice agreement with a physician.

HISTORY: Adopted May 15, 2022

**SECTION X**  
**PRESCRIBING GUIDELINES FOR ANOREXIANT DRUGS**

An Advanced Practice Registered Nurse (APRN) must maintain prescribing medication practices that are within the APRN's educational preparation and certification. An APRN will be in violation of the Arkansas *Nurse Practice Act* if he/she prescribes Schedule III and/or Schedule IV drugs under the Uniform Controlled Substance Act for short-term treatment of obesity, except in conformity with the requirements as set below.

**A. PRESCRIBING GUIDELINES**

- 1. An established APRN/patient relationship shall exist. The patient shall be age 18 or older, or have written consent from a parent or guardian. The medication shall only be an adjunct to a comprehensive weight loss program focused on appropriate nutrition education, a change in lifestyle, counseling, and an individualized exercise program. The APRN shall determine whether or not the patient has made a substantial good faith effort to lose weight through diet and alteration of lifestyle prior to beginning drug therapy.

PROPOSED COPY

2. The treating APRN shall take a complete history of the patient, including a detailed family history, dietary history, and shall perform a complete physical examination. The physical examination shall include a minimum of checking the blood pressure and pulse, examining the heart and lungs, recording height and weight, and administering any other appropriate diagnostic tests to evaluate for a metabolic disorder. The history and examination shall be sufficient to determine if the patient has previously been drug dependent, to determine if there is a metabolic cause of the obesity which would make anorexiants drugs inappropriate, and to determine if there are other contraindications to use of anorexiants drugs exists.
3. The APRN shall discuss with the patient different approaches to the treatment of obesity, and the risks and benefits associated with each approach. Risks shall include potential side effects, such as cardiovascular and pulmonary complications, as well as the potential for lack of success with weight loss. The APRN shall be aware of potential drug interactions between anorexiants, and other centrally acting drugs. The treating APRN shall prescribe a diet for weight loss and appropriate counseling regarding lifestyle change, and record these changes on the patient's medical record. Consideration on the use of anorexiants medications shall take into account the degree of overweight and associated medical conditions. The body mass index (BMI) shall be used as a guide to determine the degree of overweight status. In general, anorexiants medications shall only be used if the BMI is more than 27. In the case of associated obesity-related medical conditions, anorexiants medications may be considered with a BMI above 25. Obesity-related medical conditions include, but are not limited to, diabetes, hypertension, dyslipidemia, cardiovascular disease, sleep apnea, psychological conditions, disc disease, and severe arthritis of the lower extremities.
4. The treating APRN shall prescribe a daily dosage that does not exceed the dosage recommended in the manufacturer's prescribing information for the drug prescribed.
5. The APRN shall not prescribe more than a 30-day supply for a patient at each visit and regular follow-up visits shall not exceed 30 days. The patient shall be weighed at each visit prior to the prescribing of an additional supply of the drug.
6. At the time of each return patient visit, the treating APRN shall monitor progress of the patient. The patient's weight, blood pressure, pulse, heart, and lungs shall be assessed. In addition to any side effects of the medications, the APRN shall perform appropriate exams and tests to monitor the safety of any weight loss. This may include a detailed dietary questionnaire, serum electrolytes, blood glucose, and other tests deemed appropriate. The APRN shall discontinue the anorexiants medications when the patient reaches weight loss goals. These goals may be defined as a body weight that is no longer considered "obese" (e.g. BMI of less than or equal to 27), or an improvement in medical conditions (e.g. normalization of blood glucose). After the goal is reached, the APRN may continue to prescribe anorexiants drugs for up to an additional sixty (60) days.
7. Except as otherwise provided by this regulation, Schedule III and/or Schedule IV anorexiants drugs are only recommended for short-term use (e.g. 90 days). In addition, anorexiants drugs shall not be prescribed to a patient with a BMI of less than 27, unless prescribing for obesity-related conditions with a BMI of above 25. The treating APRN may extend therapy beyond 90 days under the following conditions:
  - a. When the anorexiants drugs are indicated for treatment of diseases other than obesity; and
  - b. When, in the APRN's professional judgment, the treating APRN is assessing and recording significant progress or benefit from the drugs and no adverse effects occur that are related to the treatment.

**SECTION XI**  
**PRESCRIPTIVE AUTHORITY ADVISORY COMMITTEE**

**A. PURPOSE**

The purpose of this committee shall include functioning in an advisory capacity to assist the Board with oversight and implementation of the provisions regarding prescriptive authority.

**B. COMPOSITION**

The Advisory Committee shall be composed of six (6) members appointed by the Board and approved by the Governor. Four (4) members shall be advanced practice registered nurses with at least three (3) of whom hold certificates of prescriptive authority and an active Drug Enforcement Administration (DEA) number. One (1) committee member shall be a licensed physician who has been involved in a collaborative practice with an advanced practice registered nurse for at least five (5) years. One member shall be a licensed pharmacist who has been

# PROPOSED COPY

licensed for at least five (5) years.

## C. TERMS OF OFFICE

Members shall serve three (3) year terms and may be reappointed. The Board may remove any advisory committee member, after notice and hearing, for incapacity, incompetence, neglect of duty, or malfeasance in office.

## D. COMPENSATION

Advisory committee members shall serve without compensation; but may be reimbursed to the extent special monies are appropriated therefore for actual and necessary expenses incurred in the performance of their official Board duties.

## SECTION XII NURSING EDUCATION PROGRAMS

### A. NEW APRN PROGRAM LEADING TO LICENSURE

1. Prerequisite Approval
  - a. An institution, seeking to establish a new APRN nursing education program leading to licensure, shall submit a letter of intent to the Board.
    - 1) An applicant for an Advanced Practice Registered Nursing (APRN) program shall comply with the “Criteria and Procedures for Preparing Proposals for New Programs,” established by the Arkansas Department of Higher Education.
    - 2) Appropriate professional accreditation (nursing accrediting organizations recognized by the U.S. Department of Education and/or the Council for Higher Education Accreditation) of the new APRN program is considered to be deemed status as approved by the Board.
  - b. The institution shall submit:
    - 1) A copy of the curricula plan and course descriptions for Board review within thirty (30) days of sending the information to the accrediting body;
    - 2) Other accreditation materials as requested by the Board; and
    - 3) Documentation of accreditation within thirty (30) days of receipt of the report from the accrediting body.

### B. ESTABLISHED PROGRAM THAT PREPARES GRADUATES FOR LICENSURE

1. Continued Full Approval – an established graduate program in advanced practice registered nursing shall submit to the Board documentation of the program’s continued national nursing accreditation status within thirty (30) days of receipt from the accrediting body. Receipt of the documentation shall serve as deemed status for approval by the ASBN.

### C. EDUCATION PROGRAM

1. The education program for advanced practice nursing shall meet the nursing accrediting body standards for advanced practice registered nursing.
2. The curriculum plan for advanced practice registered nursing shall include:
  - a. Preparation in one of the four identified APRN roles (CRNA, CERTIFIED NURSE MIDWIFE, CNS, and CNP); and
  - b. Preparation in at least one of the approved population foci:
    - 1) Family/Individual Across the Lifespan
    - 2) Adult-Gerontology
    - 3) Neonatal
    - 4) Pediatrics
    - 5) Women’s Health/Gender-Related
    - 6) Psychiatric/Mental Health; and
  - c. Three separate graduate level courses (the APRN Core):
    - 1) Advanced physiology and pathophysiology
    - 2) Advanced health assessment
    - 3) Advanced pharmacology

**PROPOSED COPY**

3. Clinical Experiences
  - a. All graduate or post-graduate programs leading to advanced practice licensure shall have a minimum of 500 supervised clinical hours in direct clinical practice during the program.
  - b. APRN programs preparing for two population foci shall have a minimum of 500 supervised clinical hours for each population focus.
  - c. Clinical supervision must be congruent with current national professional organizations and nursing accrediting body standards applicable to the APRN role and population focus.
  - d. Student clinical experiences shall be congruent with the population focus of the role.

**SECTION XIII**  
**PRESCRIBING FOR CHRONIC NONMALIGNANT PAIN**

- A. Chronic nonmalignant pain is defined as pain requiring more than three consecutive months of prescriptions for:
  1. An opioid that is written for more than the equivalent of ninety (90) tablets, each containing five (5) milligrams of hydrocodone; or
  2. A morphine equivalent dose of more than fifteen mg (15 mg) per day; or
  3. Tramadol – an average dose of two hundred milligrams (200 mg) or greater per day.
- B. When opioids are started, the lowest effective dosage should be prescribed. APRNs should use caution when prescribing opioids at any dosage and carefully reassess evidence of individual benefits and risks when considering increasing dosage to >50 morphine milligram equivalents (MME) per day. APRNs should avoid increasing dosage to >90 MME/day or carefully justify a decision to titrate dosage to >90 MME/day.
- C. If opioids are prescribed at a level defined by the Centers for Disease Control and Prevention (CDC) as excessive (>50 MME/day) the following shall be documented in the patient’s medical record:
  1. Objective findings, which include, but are not limited to, imaging studies, lab testing and results, nerve conduction testing, biopsy, and any other test that would establish pain generating pathology.
  2. Specific reasons for the need to prescribe > 50 MME/day.
  3. Documented alternative treatment plans as well as alternative therapies tried and failed prior to considering chronic opioid therapy.
  4. Documented risk factor assessment detailing that the patient was informed of the risk and addictive nature of the prescribed drug.
  5. Documented assessment of the potential for abuse and/or diversion of the prescribed drug.
  6. Documented review of the Prescription Drug Monitoring report prior to issuing the prescription.
  7. A detailed clinical rationale for the prescribing
- D. Patient Treatment and Evaluation
  1. The patient shall be evaluated through an in-person examination at least every three (3) months by the APRN and at least one (1) time every six (6) months by a physician who is licensed by the Arkansas State Medical Board.
  2. A current Prescription Drug Monitoring Program report shall be reviewed at least every six (6) months. The review shall be documented in the patient’s medical record.
  3. A current pain contract with the patient shall be maintained and include, at a minimum, requirements for:
    - a. Random urine drug screens and
    - b. Random pill counts
- E. The requirements of this section shall not apply to a patient:
  1. Whose pain medications are being prescribed for a malignant condition;
  2. With a terminal condition;
  3. Who is a resident of a licensed healthcare facility;
  4. Who is enrolled in a hospice program; or
  5. Who is in an inpatient or outpatient palliative care program.

# PROPOSED COPY

HISTORY: Adopted: March 26, 2017  
Amended: January 1, 2018; December 29, 2018

## SECTION XIV MINIMUM STANDARDS FOR ESTABLISHING A PATIENT RELATIONSHIP

- A. The APRN shall establish a proper APRN/patient relationship prior to providing any patient care.
- B. A proper APRN/patient relationship, at a minimum requires that:
  - 1. The APRN perform a history and an “in person” physical examination of the patient adequate to establish a diagnosis and identify underlying conditions and/or contraindications to the treatment recommended/provided; OR
  - 2. The APRN perform a face-to-face examination using real-time audio or visual telemedicine technology that provides information at least equal to such information as would have been obtained by an in-person examination; AND
  - 3. Appropriate follow-up be provided or arranged, when necessary, at medically necessary intervals.
- C. A proper APRN/patient relationship is also deemed to exist in the following situations:
  - 1. When treatment is provided in consultation with, or upon referral by another health care provider who has an ongoing relationship with the patient, and who has agreed to supervise the patient’s treatment, including follow-up care and the use of any prescribed medications.
  - 2. On-call or cross-coverage situations arranged by the patient’s health care provider.
  - 3. Has access to a patient’s personal health record maintained by a healthcare professional and uses any technology deemed appropriate by the healthcare professional, including the telephone, with a patient located in Arkansas to diagnose, treat and, if clinically appropriate, prescribe a noncontrolled drug to the patient.
- D. Recognizing a Providers duty to adhere to the applicable standard of care, the following situations are hereby excluded from the requirement of this regulation:
  - 1. Emergency situations where the life or health of the patient is in danger or imminent danger.
  - 2. Providing information of a generic nature not meant to be specific to an individual.
  - 3. Providing prescriptions written or medications issued for use in expedited heterosexual partner therapy for the sexually transmitted diseases of gonorrhea and/or chlamydia.
  - 4. Administration of vaccines containing tetanus toxoid (e.g., DTaP, DTP, DT, Tdap, TD, or TT) or inactive influenza vaccines.

HISTORY: Adopted: January 1, 2018  
Amended July 1, 2020

## SECTION XV TELEMEDICINE

Requirement for all services provided by APRNs providing care via telemedicine:

- A. An APRN/patient relationship shall be established in accordance with Chapter 4, Section ~~XIV~~ ~~XIII~~ before the delivery of services via telemedicine. A patient completing a medical history online and forwarding it to an APRN is not sufficient to establish the relationship, nor does it qualify as store-and-forward technology.
- B. The following requirements apply to all services provided by APRNs using telemedicine:
  - 1. The practice of nursing via telemedicine shall be held to the same standards of care as traditional in-person encounters.
  - 2. The APRN shall obtain a detailed explanation of the patient’s complaint from the patient or the patient’s health care provider.

# PROPOSED COPY

3. If a decision is made to provide treatment, the APRN shall agree to accept responsibility for the care of the patient.
4. If follow-up care is indicated, the APRN shall agree to provide or arrange for such follow-up care.
5. An APRN using telemedicine may NOT issue a prescription for any controlled substances defined as any scheduled medication under schedules III through V and only hydrocodone combination products which were reclassified from Schedule III to Schedule II as of October 6, 2014 unless the APRN has seen the patient for an in-person exam or unless a relationship exists through consultation or referral; or on-call or cross-coverage situations.
6. The APRN shall keep a documented medical record, including medical history.
7. At the patient's request, the APRN shall make available to the patient an electronic or hardcopy version of the patient's medical record documenting the encounter. Additionally, unless the patient declines to consent, the APRN shall forward a copy of the record of the encounter to the patient's regular treating health care provider if that health care provider is not the same one delivering the service via telemedicine.
8. Services shall be delivered in a transparent manner, including providing access to information identifying the APRN in advance of the encounter, with licensure and board certifications, as well as patient financial responsibilities.
9. If the patient, at the recommendation of the APRN, needs to be seen in person for the current medical issue, the APRN shall arrange to see the patient in person or direct the patient to their regular treating health care provider. Such recommendation shall be documented in the patient's medical record.
10. APRNs who deliver services through telemedicine shall establish protocols for referrals for emergency services.
11. APRNs providing care via telemedicine to a patient located within the State of Arkansas shall be licensed to practice nursing in the State of Arkansas.
12. Telemedicine may be utilized for group therapy for adults (over the age of 18) who are participants in a program or plan authorized and funded under 42 U.S.C. §1396a, if permitted by the Centers for Medicare and Medicaid Services.

HISTORY: Adopted: January 1, 2018  
Amended: May 15, 2022

## SECTION XVI

### LICENSURE FOR UNIFORMED SERVICE MEMBERS, VETERANS AND SPOUSES

#### A. **EXPEDITED** **AUTOMATIC** LICENSURE

1. Temporary permits for individuals listed in Section XVI(A)(2) shall be issued within twenty-four (24) hours of receipt of all required documents.
2. The Board will give preference in the order of processing to applications for full licensure filed by the following individuals:
  - a. A uniformed service member stationed in the State of Arkansas;
  - b. A uniformed service veteran who resides in or establishes residency in the State of Arkansas; or
  - c. The spouse of a:
    - 1) Person under (a) or (b) above; or
    - 2) Uniformed service member who is assigned a tour of duty that excludes the uniformed service member's spouse from accompanying the uniformed service member and the spouse relocates to Arkansas; or
    - 3) Uniformed service member who is killed or succumbs to his or her injuries or illness in the line of duty if the spouse establishes residency in Arkansas.

# PROPOSED COPY

## B. EXTENSION OF LICENSURE EXPIRATION DATE

Upon written request and submission of appropriate documentation, deployed uniformed service member or spouse shall be allowed an extension of the expiration date without penalty or assessment of a late fee for renewing the nursing license. The extension shall be effective for one hundred eighty (180) days after the service member or spouse returns from active deployment.

## C. CONSIDERATION OF MILITARY TRAINING AND EXPERIENCE

When considering an application for licensure ~~from a uniformed service member or a uniformed service veteran applying within one (1) year of his or her discharge from uniformed service~~, the Board shall:

1. Consider whether or not the applicant's military education, training, national certification, service-issued credential, and experience in the practice of nursing is substantially similar to the experience or education required for licensure.
2. Accept the applicant's military education, training, national certification, service-issued credential, and experience in the practice of nursing in lieu of experience or education required for licensure, if the Board determines that the military training and experience is a satisfactory substitute for the experience or education required for licensure.

## D. WAIVER OF CONTINUING EDUCATION

1. Upon written request and submission of appropriate documentation the continuing education requirements for license renewal shall be waived for:
  - a. A uniformed service member deployed; or
  - b. The spouse of a deployed uniformed service member.
2. This waiver shall be extended until one hundred eighty (180) days following the date of the uniformed service member's return from deployment.

History: Adopted December 29, 2018  
Amended: May 15, 2022

# PROPOSED COPY

## CHAPTER FIVE DELEGATION

### A. PURPOSE

~~Registered nurses, licensed practical nurses, and licensed psychiatric technician~~ **Licensed** nurses, within the parameters of their education and experience, are responsible for all nursing care that a client receives under their direction. Assessment of the nursing needs of a client, the plan of nursing actions, implementation of the plan, and evaluation of the plan, under the direction of a registered professional nurse, are essential components of nursing practice. Unlicensed personnel may be used to complement the licensed nurse in the performance of nursing functions; but such personnel cannot be used as a substitute for the licensed nurse.

Delegation by **a licensed nurse** ~~registered nurses, licensed practical nurses, and licensed psychiatric technician~~ **nurses must shall** fall within the definitions of Arkansas Code Annotated §17-87-102. Delegation must occur within the framework of the job description of the delegatee and organizational policies and procedures, and must be in compliance with the Arkansas *Nurse Practice Act*. The following sections govern the licensed nurse in delegating and supervising nursing tasks to unlicensed personnel in all settings.

### B. CRITERIA FOR DELEGATION

1. Delegation of nursing tasks to unlicensed persons shall comply with the following requirements:
  - a. A licensed nurse delegating the task is responsible for the nursing care given to the client and for the final decision regarding which nursing tasks can be safely delegated.
  - b. A licensed nurse must make an assessment of the client's nursing care needs prior to delegating the nursing task. (Ref. Section C. for exceptions.)
  - c. The nursing task must be one that a reasonable and prudent licensed nurse would assess to be appropriately delegated; would not require the unlicensed person to exercise nursing assessment, judgment, evaluation or teaching skill; and that can be properly and safely performed by the unlicensed person involved without jeopardizing the client's welfare.
  - d. A licensed nurse shall have written procedures available for the proper performance of each task and shall have documentation of the competency of the unlicensed person to whom the task is to be delegated.
  - e. The delegating licensed nurse shall be readily available either in person or by telecommunication **except as prohibited by other statute or rule.**
  - f. The licensed nurse shall be responsible for documentation of delegated tasks.
  - g. Unlicensed nursing students may work only as unlicensed nursing personnel. They may not represent themselves, or practice, as nursing students except as part of a scheduled clinical learning activity in the curriculum of a Board approved nursing program.
  - h. The licensed nurse shall adequately supervise the performance of delegated nursing tasks in accordance with the requirements of supervision which follow.
2. Supervision: The degree of supervision required shall be determined by the licensed nurse after an evaluation of appropriate factors involved, including, but not limited to, the following:
  - a. The stability of the condition of the client;
  - b. The training and capability of the unlicensed person to whom the nursing task is delegated;
  - c. The nature of the nursing task being delegated; and
  - d. The proximity and availability of a licensed nurse to the unlicensed person when performing the nursing task.

### C. SPECIFIC NURSING TASKS WHICH MAY BE DELEGATED WITHOUT PRIOR NURSING ASSESSMENT

By way of example, and not in limitation, the following nursing tasks are ones that are within the scope of sound nursing practice to be delegated, provided the delegation is in compliance with ACA §17-87-102 and the level of supervision required is determined by the nurse.

1. Noninvasive and non-sterile treatments unless otherwise prohibited by Section D. of this Chapter (relating to nursing tasks that may not be routinely delegated);
2. The collecting, reporting, and documentation of data including, but not limited to:

# PROPOSED COPY

- a. Vital signs, height, weight, intake and output, urine test, and hematest results;
  - b. Changes from baseline data established by the nurse;
  - c. Environmental and safety situations;
  - d. Client or family comments relating to the client's care; and
  - e. Behaviors related to the plan of care;
3. Ambulation, positioning, and turning;
  4. Transportation of the client within a facility;
  5. Personal hygiene;
  6. Feeding, cutting up of food, or placing of meal trays;
  7. Socialization activities;
  8. Activities of daily living; and
  9. Reinforcement of health teaching planned and/or provided by the registered nurse.

## **D. NURSING TASKS THAT MAY NOT BE ROUTINELY DELEGATED**

1. Nursing tasks not included in Section C. are not usually within the scope of sound nursing judgment to delegate and may be delegated only in accordance with subsection 2. of this section.
2. The nursing tasks of this section may be delegated to an unlicensed person only:
  - a. Under circumstances where a reasonable and prudent licensed nurse would find that the delegation does not jeopardize the client's safety and/or welfare;
  - b. If, in the judgment of the licensed nurse, the unlicensed person has the appropriate knowledge and skills to perform the nursing task(s) in a safe and effective manner;
  - c. If the licensed nurse delegating the task is directly responsible for the nursing care given to the client;
  - d. If the agency, facility, or institution, employing unlicensed personnel, follows a current protocol for the instruction and training of unlicensed personnel performing nursing tasks under this subsection; and that said protocol is developed by and taught under the supervision of registered nurses currently employed in the facility, and includes:
    - (1) The manner in which the instruction addresses the complexity of the delegated task;
    - (2) The manner in which the unlicensed person demonstrates competency of the delegated task;
    - (3) The mechanism for reevaluation of the competency; and
    - (4) An established mechanism for identifying those individuals to whom nursing tasks under this subsection may be delegated; and
  - e. If the protocol recognizes that the final decision as to what nursing tasks can be safely delegated in any specific situation is within the specific scope of the nurse's professional judgment.

## **E. NURSING TASKS THAT SHALL NOT BE DELEGATED**

By way of example, and not in limitation, the following are nursing tasks that are not within the scope of sound nursing judgment to delegate:

1. Physical, psychological, and social assessment which requires nursing judgment, intervention, referral, or follow-up;
2. Formulation of the plan of nursing care and evaluation of the client's response to the care rendered;
3. Specific tasks involved in the implementation of the plan of care which require nursing judgment or intervention;
4. The responsibility and accountability for client health teaching and health counseling which promotes client education and involves the client's significant others in accomplishing health goals; and
5. Administration of any medications or intravenous therapy, including blood or blood products except as allowed by ASBN *Rules* Chapter 8 for Medication Assistant-Certified and by ASBN School Nurse Roles and Responsibilities Practice Guidelines.
6. Receiving or transmitting verbal or telephone orders;
7. Registered nurse practitioners and advanced practice nurses shall not delegate to unlicensed ancillary staff the calling in of prescriptions to the pharmacy.

## **F. TRANSFERENCE OF DELEGATED NURSING TASKS**

It is the responsibility of the licensed nurse to assess each client prior to delegation of a nursing task and determine that the unlicensed person has the competence to perform the nursing task in that client's situation.

# PROPOSED COPY

1. The licensed nurse shall not transfer delegated tasks to other clients under the care of the unlicensed person.
2. In delegating personal care, a licensed nurse is not required to assess each client; but must periodically assess the competence of the caregiver in those activities.

## G. EXCLUSIONS

These sections shall not be construed to apply to:

1. The gratuitous nursing care of the sick by family or friends;
2. The furnishing of nursing care where treatment is by prayer or spiritual means alone;
3. Acts done by persons licensed by any board or agency of the State of Arkansas if such acts are authorized by such licensing statutes;
4. Nursing tasks performed by nursing students enrolled in Board approved nursing programs while practicing under the direct supervision of qualified faculty or preceptors;
5. The instruction and/or supervision of licensed nurses by registered professional nurses in the proper performance of tasks as a part of a state approved training/education course designed to prepare persons to obtain certification;
6. Nursing tasks performed by paramedic/emergency medical technician students enrolled in State approved programs while practicing under the direct supervision of qualified faculty or preceptors;
7. The performance in the school setting of nursing procedures necessary for students to achieve activities of daily living as cited in the Education of the Handicapped Act, 20 United States Code 1400-1485, and which are routinely performed by the student or the student's family in the home setting.
8. The acts of unlicensed persons responding to an emergency. This exclusion shall not be construed as permitting licensed nurses to delegate routinely to unlicensed persons.
9. Health maintenance activities performed by a designated care aide in the home as defined in the Consumer Directed Care Act of 2005, ACA §17-87-103 (11).
10. The drawing and measuring of glucagon or insulin by a trained employee of a city or county detention center as defined in ACA 17-87-103(14).
11. The administration of an emergency dose of medication to a public-school student who is diagnosed with an adrenal insufficiency by trained volunteer public school personnel.
12. The administration of a seizure rescue medication, medication prescribed to treat seizure disorder symptoms or a manual dose of a prescribed electrical stimulation using a vagus nerve stimulator magnet.

## H. CONSUMER DIRECTED CARE

1. Health maintenance activities which are routinely performed by the family in the home setting may be provided by a designated care aide for a competent adult at the direction of the adult or for a minor child or incompetent adult at the direction of a caretaker.
2. Caretaker means a person who is directly and personally involved in providing care for a minor child or incompetent adult, and the parent, foster parent, family member, friend, or legal guardian of the minor child or incompetent adult receiving care.
3. Designated care aide means the person hired ~~by the competent adult or caretaker~~ to provide care for the competent adult, minor child, or incompetent adult.
4. Health maintenance activities mean activities that the minor child or adult is unable to perform for himself or herself including oral medications.
5. The attending physician, advanced practice registered nurse, or registered nurse must determine a designated care aide under the direction of a competent adult or caretaker can safely perform the activity in the minor child's or adult's home.
6. Home shall not include nursing home, assisted living facility, residential care facility, an intermediate care facility, or hospice care facility.
7. Health maintenance activities that are not exempted by the Consumer Directed Care Act of 2005 include:
  - a. Physical, psychological, and social assessment which requires nursing judgment, intervention, referral, or follow-up;
  - b. Formulation of the plan of nursing care and evaluation of the client's response to the care rendered;
  - c. Tasks that require nursing judgment or intervention;
  - d. Teaching and health counseling;

ARKANSAS STATE BOARD OF NURSING RULES

PROPOSED COPY

- e. Administration of any injectable medications (intradermal, subcutaneous, intramuscular, intravenous, intraosseous, or any other form of injection) or intravenous therapy.
- f. Receiving or transmitting verbal or telephone orders.
- 8. The designated care aide must demonstrate the ability to safely perform the health maintenance activity.
